DESIGNED TO BLEND IN. PROGRAMMED TO SURPRISE

The Trash Robot is an autonomous mobile trash can designed for food courts and public spaces. It rolls slowly, encourages cleanup, and surprises guests with subtle, lifelike movement—creating a memorable and futuristic experience.

WHY PEOPLE LOVE IT

IT GETS FILMED

TikTok, Reels,
Story posts

**ENCOURAGES
CLEANER TABLES**
without asking

**IT FEELS LIKE A
FRIEND**
not a tool

**MAKES YOUR
SPACE FEEL
MODERN**
without remodeling

WHAT'S INSIDE

Laser-guided navigation
(slow + crowd-safe)

Rechargeable battery
8 hour runtime

Low maintenance shell
easy to wipe clean

Tray-ready design
subtle LED glow

WANT TO TRY ONE?

We're looking for 1–2 pilot locations to test the robot with real customers. No obligation. No long-term commitment. Just a chance to bring something new into your space—and maybe go viral doing it.
